### "GETTING ALONG"

As high school days draw to a close, you will realize a cherished goal and reward—your diploma. This reward you should accept with pride, for it has been hard-won by the constant vigilance and effort of a dozen years or more, and it represents one of your greatest achievements thus far in life.

But what were the ingredients necessary for this achievement? Enthusiasm, honest effort, promptness, attention to detail—all of these in no small way have contributed. Other qualities, acquired along the way, have added their full measure, as you learned the importance of cheerfulness, of service to others, helpfulness, friendship, and staunch loyalty to your school, family, and friends. In brief, you learned the art of "getting along" with others.

This ability to "get along" was not gained from a textbook. The extent to which you acquired this quality is the result of experiences with people and the degree to which you have tried to make these associations pleasant and helpful.

You are now equipped with an education. But, how well you can apply what you have learned, how successful you will be, how you will be able to contribute to the success of your family, your community, or your place of employment, will also depend on how well you have learned the art of "getting along" with your fellow man. To be successful a business must learn to live with other businesses in a business world, in a community, and with people. The Alton area is prosperous partly because many good businesses have been able to accomplish this purpose, and you, in the future, will need similar qualities to be equally successful. This ability to "get along," coupled with frankness of purpose, sincere earnestness of endeavor, and a humble and grateful attitude, adds untold strength to your formal education and will help establish your individual future success in this, the world's greatest nation—America.

Fine teams are the product of long hours, much sweat, and good coaching. Our coaches have hammered many a new recruit into a seasoned veteran.

The band officers are: Cliff Wilderman, president; Tom Monical, vice president; Carol Green, secretary; and Herschel Rose, property manager. Each band member participates in a small group class lesson once a week.

In addition to concerts played in Alton and at other schools, the band goes on an annual Spring tour. This year the band toured through Southern Illinois, May 9, and 10, playing concerts at Centralia, Mount Vernon, and Salem, staying all night at Mount Vernon in the Emerson Hotel.

## Student Council Keeps Alma Mater On Even Keel

The Student Council, which is sponsored by Mr. Dewitt Thomas, meets once each week to discuss problems and improvements for the student and school. The Sophomore, Junior, and Senior classes are all represented so that suggestions and ideas may be presented by majority representation rather than by a select few.

Each year the Council handles our talent show and Homecoming. This year they also published a "Buzz Book" and selected the school assemblies. The Council's chief source of income is derived from handling the concessions at the football games.

Every Spring there is a colorful campaign and election of officers. The 1955-1956 officers as elected last spring were: Tom Monical, President and Bob Diaz, Vice President. At the beginning of this school year the Council selected Barbara Lindsay as Secretary.

## Girls' Council

The Girls' Council, sponsored by Miss Teter, is a service organization composed of Junior and Senior Girls. Some of their projects have been selling Alton High beanies and stationery, candy sales, entertaining new girls from out of town, and checking coats during the tournament. In the past, among many other projects, the Council has presented bulletin boards, and helped buy the audiometer for the Clinic. The council meets the second and fourth Mondays of every month.

## Boys' Cabinet

The Boys' Cabinet is an organization with a membership of about 25 boys which serves the school in many ways. Mr. Jureziz, the club sponsor, assisted by Jack Rhoades, who is club president, set up plans to be used in selling concessions at basketball games. The boys pass out programs at football games, maintain a large school bulletin board, and take tickets at school functions. This year the Cabinet purchased some spotlights to be used for school plays and assemblies.

## DEBATE or DRAMA . . .

### A VOICE

#### Dramatic Club—

Tryouts are held once or twice a year for Dramatic Club. Candidates who are chosen for membership are selected for interpretations of roles, enunciation and diction.

One play is presented each semester by the Dramatic Club. Members help with lighting, props, make-up, and prompting in addition to acting in plays.

This club was founded in 1923 for the purpose of creating and expressing the interests in drama and its function.

### Thespians

The National Thespian Society was started at Alton High in 1932; the Alton Troupe 126. It is composed of students who wish to further their dramatic interests. Having been in a play, and having had the required number of lines, they are eligible to become inducted into the society.

An induction ceremony is held twice a year when new members are then taken into the society. A banquet is held at that time and the Best Thespian is announced.

Some of the activities of the group are candy sales and directing plays.

Miss Rutledge is faculty sponsor of the troupe.

"She'll be washing dishes and baby clothes," pretty soon, but F.H.A. has equipped her well for housework with a background of valuable programs answering such future questions as, "What's for dinner, Ma?" or "What shall I wear to the Joneses?"

F.H.A. is a branch of a national organization to further girls' interest in home economics. The Alton Chapter this year received a plaque for outstanding work in Section Four of the state for the year 1954-55. Among their activities for this year were helping in the annual drives of the Salvation Army and Polio Fund, presenting rose bushes to churches, parks, and Alton High, and sponsoring an all girls assembly featuring a speaker.

The Administrative Staff is a very efficient group of men and women who are essential to the smooth functioning of the School District.

Mr. Ready is in charge of the Elementary Curriculum. Miss Anthony is director of libraries. Mr. Wollerman, director of audio-visual education; Miss Williamson, art director.

Mr. Fritz, director of music; Mr. Keil, school engineer; Miss Henry, director of home economics and lunch service; Mr. Norman, director of special education, counseling and guidance.

## OFFICE STAFF

These ladies spend their day keeping the A.H.S. office running smoothly. They are efficient. They have to be. Typing and filing for the "nerve center" of A.H.S. is not work for the ordinary secretary.

Sandra Schriener, Mrs. Marcella Griffen, Darlene Brown, Mrs. Carr, Mrs. Ferril, Mrs. Taylor, Mrs. Bean, Miss Eckelman

Preparing and serving the meals constitutes a major job for these women. It's amazing how much food is consumed during the five noon hours. The aroma of this food drifts through the halls each morning until all the students are interested in what's cookin' in the cafeteria.

Head Custodian—Mr. Jones

The custodians, whose job is building maintenance, can often be found putting in new lights, shoveling snow, washing windows, and cleaning the building. When we return from our Christmas vacation and holidays, we always find the floors freshly scrubbed and the whole building a spotless and pleasant place to work.

## TO ALTON STUDENTS:

Without the cooperation of the business, industrial, and professional men and women of the Alton area, this 1956 Tatler would not have been possible. Because of increased costs of yearbook production, as in the case of everything else, we have been obliged to count more heavily upon their financial assistance. Without this advertising the subscription price of the Tatler would be almost prohibitive for the average student. Because of Alton's citizens' interest in you and your welfare, and our school in general, they have been generous in taking ads. They have also proved kind and considerate to our solicitors.

Therefore, it behooves us to show these firms and friends the value of their advertising in reciprocal good will. Mention their ad in the Tatler when you patronize them; favor them with your cooperation in every way you can.

## AND TO ALTON HIGH FRIENDS:

The 1956 Tatler has served you again in presenting your valuable message to Alton students, alumni of the school, and citizens of the community.

Because each Tatler lives and relives from year to year in one thousand homes in Alton, is seen this year and for many years to come, as a thoughtful reminder of your good will to the school, or a reminder to come in and buy your merchandise, or to employ your services.

HAVE YOU CONSIDERED THE ADVANTAGES OF ATTENDING  
A SMALL COLLEGE IN YOUR HOME COMMUNITY?

While living at home you can go to college at the lowest possible cost.

You will get higher calibre instruction—particularly for the freshman and sophomore years—than at a large university.

You can have valuable personal assistance from your professors.

You can be an individual rather than just one of a crowd.

You will have ample opportunity for campus leadership.

You will be educated in a Christian atmosphere for the best personality development.

## We're going with you

After all, we've become old friends during your stay here. Whether you knew it or not, almost every day of your school year you've used a product made by Olin Mathieson, or one that Olin Mathieson helped make. Just read the list on the right, and you'll see what we mean.

Once you're established in business or professional life you'll probably hear a lot more about Olin Mathieson. A good many of you may have business with us. And a few of you may even come to work for us. There'll be room because Olin Mathieson is growing. Here are the skills, facilities and resources of one of the country's most rapidly expanding industrial organizations. You and the Olin Mathieson Chemical Corporation will both be going forward, and we'll meet each other often as we do.

Meanwhile, we extend our heartiest congratulations and good wishes on your graduation. May the future bring you everything you've hoped for and worked for.

## "GETTING ALONG"

As high school days draw to a close, you will realize a cherished goal and reward—your diploma. This reward you should accept with pride, for it has been hard-won by the constant vigilance and effort of a dozen years or more, and it represents one of your greatest achievements thus far in life.

But what were the ingredients necessary for this achievement? Enthusiasm, honest effort, promptness, attention to detail—all of these in no small way have contributed. Other qualities, acquired along the way, have added their full measure, as you learned the importance of cheerfulness, of service to others, helpfulness, friendship, and staunch loyalty to your school, family, and friends. In brief, you learned the art of "getting along" with others.

This ability to "get along" was not gained from a textbook. The extent to which you acquired this quality is the result of experiences with people and the degree to which you have tried to make these associations pleasant and helpful.

You are now equipped with an education. But, how well you can apply what you have learned, how successful you will be, how you will be able to contribute to the success of your family, your community, or your place of employment, will also depend on how well you have learned the art of "getting along" with your fellow man. To be successful a business must learn to live with other businesses in a business world, in a community, and with people. The Alton area is prosperous partly because many good businesses have been able to accomplish this purpose, and you, in the future, will need similar qualities to be equally successful. This ability to "get along," coupled with frankness of purpose, sincere earnestness of endeavor, and a humble and grateful attitude, adds untold strength to your formal education and will help establish your individual future success in this, the world's greatest nation—America.
